

Date: February 26, 2017
Message: The Spirit of Christ, I
Text: Various

Introduction

Our church body is engineered by the Holy Spirit. Is he in you?

I. Community built

Ephesians 4

II. Gifts given

I Corinthians 12

III. Fruit produced

Galatians 5

Conclusion

The danger of reverse engineering

- Why do we downplay community? Is it really central to our faith?
- What are the purposes of the gifts of the Spirit? How do they work?
- Is the fruit of the Spirit experienced personally or in community? Why?
- What does it mean to grieve the Spirit? And what if I do?
